

Dear LSA Families,

Following direction from the Governor of our State of Pennsylvania, La Salle Academy will be closed for the next 10 business days, beginning March 16th. During that time, the Governor's office will assess the situation and determine if continued closures are needed.

La Salle Academy, in adhering to this directive and in keeping with our own policy regarding school closure, will have NO after school or evening meetings. Closure under these circumstances will include no weekend meetings or activities. We will be in touch with parents by way of email next week with further information regarding work that students may do while away from school to keep academic skills sharp.

May I ask students to aim to read for a minimum of 20 minutes a day. Also, keep up on First-in-Math and 20 minutes per day, at least on Mathematics.

God Bless you all.

Mr. Mickulik
